STOCK CLEARANCE SALE!

A settlement of the estate of the late senior partner of this firm is to be made in January. A necessity of the event is the reduction of stock to the minimum. It is to our interest to convert goods into cash at the sacrifice of profit. It must be a clearance sale in the most comprehensive significance of the term—a sale in which neither cost, value nor loss get a moment's consideration. To reduce our immense stock is the only aim, the highest hope, the fixed determination. No man or woman who knows the value of a dollar, who understands this opportunity to save, will let it pass without taking advantage of it to the full as far as prudence and means permit. While many departments are represented here, it would take double the space this ad. occupies to tell of the dozens of other equally attractive bargains. Call on us, it's the only way to master all the facts.

SIX BIG VALUES!

No. 1—Melange Cheviot, 45 inches wide, 50c, original price \$1. In all the new fall shades. If you can judge values we are sure wisdom will guide you rightly when you see the unusual bargain.

No. 2—Black Taffeta 27 inches wide, 75c, original price \$1. Every yard guaranteed to wear. You may be surprised at the price, but you'll be more surprised at the quality.

No. 3—Onetta Union Suits, 43c instead of 75c. Soft and fine, well made and finished. Closely knit to withstand many washings. You know the garment too well to need further description.

Everything mentioned above on sale now. Of course early comers have benefit of choice. No disappointments await you, complete satisfaction stamped on every offering.

A DOLLAR

None bigger, none better, none worthier ever offered the people of Maysville.

is worth just what it will bring. If you had a barrel of them in the desert of Sahara they wouldn't buy a cup of water. Now we are certain there is no place in Mayville where a dollar will bring you as much as it will here during this sale. It might buy a larger package elsewhere but we are not talking of quantities. We refer to qualities and values. The following list tells what a dollar will do in some of our departments. It's not a list of exaggerations but a statement of facts.

A Dollar in the **Leaves Department** will buy a pair of Nottingham ask 72 inches wide in rose, fern, lilac, lace or tulle, or ten yds. best Silk-olene, or two yds. good heavy Tapestry, or 20 yds. of Serim or one Hope Portiere, or 8 yds. of Curtain Swags.

A Dollar in the **Black Goods Department** will buy a French Broadcloth, a Royal Selvi, a French Cheviot, a Camel's Hair, a Milan Cloth, a Hoyal Poplin, all 1 1/2 yds. wide and worth \$1. a yard.

Cook, who commanded Adm. (then Commodore) Schley's flagship, the Brooklyn, during the Santiago campaign, and explained the retrograde movement, in the capacity of chief of staff for the commodore, was on the witness stand the greater part of the day. He was followed by Lieut. Commander William F. Fullum, who was senior watch officer on the New Orleans during the Spanish war, and by Lieut. Joseph Deall, who was officer on the Harriet Lane, and either dispatched between Commodore Schley and the navy department at St. Paul, Minn. Among these dispatches was that sent by Commodore Schley May 28, expressing his regret at not having been able to obey the orders of the department, and explaining if occasion should demand that he do so. He had no son-in-law retired than the first witness for Adm. Schley was called.

Cuban Pilot Testifies.

This proved to be the Cuban pilot, Eduardo Nunez, who told Schley on May 28, 1898, that he did not believe the Spanish fleet under Cervera was off the harbor at Santiago.

Capt. Cook's testimony was a review of the entire campaign after Cervera's fleet, beginning with the departure of the sailing squadron from Key West on May 16 and ending with the battle off Santiago July 3. He said that at first it had been believed by both Sampson and Schley that the Spanish fleet was in the harbor at Cienfuegos, and that no information to the contrary had been conveyed to Commodore Schley until after the battle of July 3, 1898; that it was Commodore Schley's expectation to meet the "Spaulders" there, and his care was to have coal and provisions on board; that the gun artilleries concerning the retrograde movement, and explained the Brooklyn's loop, in connection with a graphic account of the movements of the fleet. Asked for an opinion as to Adm. Schley's bearing as a commanding officer, he said: "I always regarded him as an enthusiastically brave and patriotic officer."

Cook Ordered the Loop.

Capt. Cook, in his testimony, said he ordered the loop, and strongly maintained that it was good judgment. After making the turn the Brooklyn was receiving the fire of the "Spaulders" and the "Maine." When Hanna asked a theoretical question as to what would have happened if the Brooklyn had been hauled off differently, he said with feeling: "I know that what we did to was entirely successful. If we had done something else I do not know where our fate would have been successful."

Peed took Ingram to Lexington, had an operation performed and the eye removed, and it is said offered him \$200 to settle the case.

Peed has engaged able counsel and will contest the case to a finish.

A Name Twice Made Famous, Now a Shining Star for Imitators.

The name "Chase," twice made famous, is a shining star for the unscrupulous to point upon and emulate in order to fool upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicine of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Kidney Pills and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but do not use the initials "A. W."

They imitate, but dare not counterfeited the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nervous exhausted sufferers.

Who are nerveless and brain-weak. Who are easily excited. Who are water-logged. Who have nervous headache. Who are easily fatigued. Who are suffering from blood impurities, securing refreshing sleep and impart strength.

They lead up people who find their strength and vigor waning. They settle irritated nerves, replace languor and listlessness with energy and animation. Cure Nervous Dyspepsia.

CAUTION.—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., on each box. These and these only should be seen. Do not be satisfied with anything bearing the name "Chase" without the initials A. W. Chase, M. D., on the box or Dr. A. W. Chase, Medicine Co., Buffalo, N. Y.

In summoning the Caleb Powers Jury the Scott county Sheriff made a serious mistake. When he went into Bourbon county to find veniremen, he wasn't as well acquainted with the people there as he was in Scott county, and he unintentionally corralled one Republican. To the credit of the prosecution, however, this Republican Juror was promptly challenged.

All of the six Jurors accepted from Scott county in the Caleb Powers trial are Democrats, and all are farmers. Only one Republican from Scott county was passed into the box, and he was ROBERT S. COLEMAN, one of the first of the two men challenged by the Commonwealth. The first six men accepted from Bourbon county were Democrats, and of these three were challenged by the defense.

With such an array, who can doubt that CALEB POWERS will have a full, free and impartial political trial?

The Jury in the last trial was composed of one Republican, one Prohibitionist, one Brown Democrat, the balance regular Democrats.

SAM STAIRS' PHILOSOPHY.

His Comparison of a Kraut-Cutter to a Professional Slanderer.

Over 2000.

Have you been noticing Nancy lately? Nancy is just a woman like many other women. Nancy likes to talk, but she doesn't like it any better than several hundred of her dear sisters—and brothers, too, for that matter. Nancy is very much like a kraut-cutter in the fall of the year. Let us talk about the kraut-cutter. Did you ever notice its small sharp knife? Watch it shave down the head of a cabbage and there is nothing left of it. Did you ever notice what a mess of stuff that cabbage became after the kraut-cutter cut through with it—and how loud it rattled afterward? The sharp tongue of the cutter had done their work. The kraut-cutter goes from house to house as long as there is a cabbage head in sight. Nancy's standard tongue is as the knife thereof. Character is the cabbage it feeds upon and verily it cuts exceedingly true. Do you know where the kraut-cutter lives? Do you know where Nancy lives? She is somewhere in the neighborhood making slander-kraut out of somebody's character.

The monthly crop report of the Department of Agriculture shows that on October 1 the average condition of corn for the entire country was the lowest ever reported, being 52.1, as compared with 81.8, the mean of October averages for the past ten years. There was an improvement in the condition of tobacco during September, and on October 1 the condition was generally above the average.

A REPUTATION.

How It Was Made and Maintained in Mayville.

A good reputation is not easily earned, and it was only by hard, consistent work among our citizens that Doan's Kidney Pills won their way to the proud distinction attained in this locality. The public indorsement of scores of Mayville residents has rendered invaluable service to the community. Read what this citizen says:

Mr. C. H. Cooper of 219 West Second street says:

"For many years I suffered from attacks of kidney trouble, and had reason to think I was fast drifting into Bright's disease. I had the great good fortune to learn about Doan's Kidney Pills, and procured them at J. Jas. Wood & Son's Drugstore. The remarkable benefit obtained from the treatment is a guarantee of the marvelous value and effectiveness of Doan's Kidney Pills."

The press of Kentucky owes a debt of gratitude to Federal Judge Cochran for being J. H. Shinkley \$50 for violating the postal laws. Shinkley advertised in various Kentucky papers a school of telegraphy, and upon presentation of the advertising bills, represented that he had intended to start the school, but had not succeeded. It is claimed that he got the benefit of the advertising when he did start a school later. Shinkley now conducts a school of telegraphy at Shelbyville. This fellow caught the Messenger for several dollars.

WOMEN AND JEWELS.

Jewelry, candy, flowers, man—that is the order of a woman's preferences. Jewelry trumps a bouquet of night jester to the average woman. Kiva, that greatest of all jewelry, has often ruined the strong efforts made to save the woman to purchase them. If a woman will risk her health to get a coveted gown, she let her health be sacrificed to the indefinite consequences of cough, cold and bronchial affections by the regular use of Dr. Buckner's German Syrup. It will promptly remove obstructions in its early stages and heal the inflamed lungs and bronchial tubes and drive the dried disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get it at J. Jas. Wood & Son's, 110 7th Hall, Louisville, Ky. (Cochran's Hospital Dispensary).

DIVORCED PEOPLE.

Episcopal House of Deputies Pass a Canon Prohibiting Remarriage in Certain Cases.

THE VOTE STOOD 182 FOR, 158 AGAINST.

Amendment Making an Exception in the Case of the Innocent Party of a Divorce Rejected.

Resolution Was Adopted Providing for a Standing Joint Commission to Consider Relations of Labor and Capital.

San Francisco, Oct. 15.—The house of Deputies of the Episcopal Church of America, sitting as a committee of the whole, Monday adopted the proposed canon prohibiting the remarriage of divorced persons for causes not arising previous to their former marriage. The canon was adopted just as it came from the house of bishops. The vote stood 182 for, 158 against. The amendment of Dr. Huntington, of New York, making an exception in the case of the innocent party of a divorce granted on the ground of adultery was rejected by a vote of 154 to 173.

The result of the vote in the committee of the whole was reported to the house of deputies, who will vote on the matter.

The result, however, may not be the same, for in the house the vote of 20 delegations is required to carry a measure, the divided delegations virtually counting as one vote. No time was set for a final vote by the house, but it will presumably be taken Tuesday.

Session of Missionary Bishops. Previous to this action in committee of the whole, the house of deputies adopted the resolutions presented by Dr. McKim, of Washington, providing for a standing joint commission of both houses to consider the relations of labor and capital. It is to consist of three bishops, the presbytery and three laymen, who will report its proceedings to each general convention.

The afternoon session of the house of deputies was held behind closed doors, and was devoted entirely to consideration and voting on the five nominations for missionary bishops handed down from the house of bishops.

The election resulted in the choice of the following: Rev. James Adair, of the diocese of Alaska; Rev. Charles H. Brent, district of the Philippines; Rev. Frederick William Keator, district of Olympia; Rev. Kimball Brown, district of New Mexico.

The only nomination rejected was that of Rev. Charles Pierce, to be missionary bishop of North Dakota.

The house of bishops Monday re-elected the missionary district of Honolulu, to take effect April 1, 1902.
